- a) Each child must have a whole grain-rich item at least once per day
- b) Once per day
- c) Once per week
- d) All meals or snacks where a grain is served must meet whole grain-rich requirements.

4) The serving size for leafy greens and dried fruits or vegetables changed with the new meal patterns – how so?

- a) Leafy greens now require double the amount of the serving size to meet requirements, while dried fruits and vegetables now require half the amount
- b) Dried fruits and vegetables now require half the amount of the serving size to meet requirements while the leafy greens did not change at all
- c) Leafy greens now require double the amount of the serving size to meet requirements, while dried fruits and vegetables did not change at all
- d) Neither leafy greens nor dried fruits and vegetables had a change in the amount required to meet serving requirements

5) When serving family style, providers can have the required amounts of food in a serving dish, and go around the table asking the children if they want any of the required components

- True
- False

### Meal Counts

6) Meal counts can be recorded in advance to save time doing it later in the day

- True
- False

7) A provider has 5 children in care, 1 of which is an infant. The infant is claimed for suppers while the other children are claimed for PM snack, because the infant has their bottle a little later than the PM snack time. Is this correct?

Yes, the infant is eating at a different time, so they should be claimed for a different meal/snack

No, the infant should also be claimed for PM snack if supper is not served to all children in care

### Record Keeping

8) When do my meal counts and menus need to be completed by to be considered up-to-date with my records?

- a) Midnight each night
- b) The end of each week
- c) Once per month
- d) By the next morning

9) What should I do if my online claiming service is down or I am out of CCNI's paper claiming forms?

- a) Wait and input records from memory when you are able to get online/receive more paper forms
- b) Keep track on paper, including all menus and meal counts per child by meal code, and transfer to the CCNI forms or online
- c) Keep track on paper, including all menus and meal counts per child by meal code, and send in to be put with your claim

10) How long must I keep my records for the CACFP?

- a) One year
- b) Seven years
- c) Three years and three months
- d) 3 months

11) Why are re-enrollments necessary?

- a) It maintains the integrity of the program by ensuring children claimed are still enrolled in your care
- b) To provide up-to-date information about enrolled children's schedules and parent information annually
- c) Both A and B

12) All providers are required to offer and supply at least one type of iron-fortified infant formula

- True
- False

### Provider Reimbursement System

13) How often do I submit my claim to CCNI for reimbursement?

- a) Weekly
- b) Monthly
- c) Whenever you want to receive reimbursement

14) Where do I find the reimbursement schedule?

- a) In the newsletter each month
- b) On Facebook
- c) From my friend who is also a provider on the CACFP

### Claims review and submission

15) What items does CCNI need before (or with) my claim to avoid deductions or delays in reimbursement?

- a) Enrollments for all children claimed on the current claim
- b) Variances that were in effect in the current claim month
- c) Formula and/or diet statements
- d) Provider note information such as days there was no school for school agers, requests to add meals or days of the week to your application, etc.
- e) All of the above

16) If a child has an enrollment that expires 9/30/19 and the parent does not fill out the renewal enrollment form until November 3<sup>rd</sup>, the child has a gap in active enrollments and cannot be reimbursed for the month of October

- True
- False

### Civil Rights

17) Saying that an infant enrolled in your care is not participating on the CACFP so you do not have to provide formula or foods for the infant can be a form of discrimination

- True
- False

18) Filling out the ethnic and racial identity information on enrollments, provider applications, and other forms helps ensure the program serves all people, regardless of their race and ethnicity.

- True
- False
